(In the space provided below, please explain in detail the reasons for the delay in filing a proper reply)

Upon receiving the office communication dated 11/20/2000, the Applicants spoke with Ms. Dolora Dillard of the USPTO. This conversation is reflected in the attached conversation log.

The Office Communication indicated that the Applicant had failed to supply an "path or declaration". The Applicant related to Ms. Dillard that according to the photocopy of the submitted application, a declaration had indeed been submitted.

Ms. Dillard, who indicated that she had a copy of the application in front of her, agreed that she could plainly see the submitted declaration.

The Applicant then asked if there was anything further required in order to resolve the issue raised in the Notice of Missing Parts. Ms. Dillard responded that nothing further was required of the Applicant in this matter.

For that reason, the Applicant respectfully submits that the delay in responding to the Notice of Missing Parts dated 5 August, 2002 was unavoidable, in that the Applicant was unaware that any further response was required.
